Therapeutic Riding and Hippotherapy classes started the week of June 12th

The excitement of students, parents, volunteers and even the horses, was evident as summer classes got underway the week of June 12th. PATH instructor, Ashley Garrettson, evaluated the students and horses to get a good match in size, strengths and abilities. The horse leaders and side-walkers calmly and competently guided the horses and kept students safe. Parents looked on proudly as their sons and daughters experienced the joys of riding a horse, some for the first time. Watch for information in upcoming newsletters as we go behind the scenes on everything that goes into safe and successful classes.

Thanks to Rhonda & Dan Bernacki for remembering Rhonda's mom, Carol Ribble, with a memorial donation to Miracles.

Thanks to all who donated to our mechanical lift!

Our primary concern at Miracles in Motion is the safety of our students, volunteers, instructors and horses! With the start of summer classes, we needed to replace our mechanical lift. A direct mail plea was sent out and WOW, did you respond! Our thanks to Hills Bank & Trust for their \$2500 donation. We had significant donations from Dan & Rhonda Bernacki in memory of Rhonda's mom, Carol Ribble; Farmers State Bank, M&W Manufacturing, Iowa Quarterhorse Association, County Johnson Irish, Dean Price, Ronnye Wieland, Marge McGowan and Kevin Miller. We are still waiting to hear if a grant from Aureon, South Slope's parent company will take us over the top. Thanks to all who offered their support.

We Believe in Miracles

The success of Miracles in Motion depends on so many factors – students that come ready to ride; healthy, gentle and engaged therapy horses; committed and trained volunteers; safe and maintained facilities; and ongoing monetary support. Grants, corporate sponsorships, class fees and individual donors are critical to the continuation of the good work that defines Miracles in Motion. Our funding needs are unique because of the year-round care of the horses. In response to that need, we are asking donors to consider joining “We Believe in Miracles” – by committing to a monthly donation. It's easy for donors and great for Miracles – head to the website www.miraclescanmoveyou.com to get started today.
